CASAL 1

● VERSÃO PRETO & BRANCO

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for both clients. Discard EVERYTHING from the original photos EXCEPT the facial identities. Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the faces. Preserve 100% each client's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, beard texture and skin tone. Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any client in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white couple portrait. The man is seated in front, fitted plain black t-shirt, looking directly at the camera with a soft natural closed-mouth smile — just a gentle upward curve at the corners of the lips, warm and effortless. The woman is standing directly behind him, her body upright behind his. Her head is tilted slightly to one side, her cheek resting lightly and naturally against the top of his head — not her chin, not straight down, but the side of her face touching his hair in a tender and organic way. Both her arms drape over his shoulders from behind and cross in front of his chest in an X pattern — right arm over left — with both hands resting visibly on his chest, fingers relaxed and natural. She also has a soft natural closed-mouth smile, looking directly and warmly at the camera. Both faces fully centered and visible. She wears an oversized white button-up shirt with sleeves slightly rolled. Her hair is completely natural and loose. No hats, no beanies, no accessories unless present in the uploaded reference photo. Clean light gray seamless background. High-end beauty lighting setup, large soft key light from the front, luminous and flattering skin tones, very gentle shadow definition on jawlines, smooth highlights, elegant cinematic black and white grading. Medium portrait from mid-torso up. 85mm lens, ultra sharp focus on eyes, 8K resolution. Vertical format 1080x1350.

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for both subjects. Discard EVERYTHING from the original photos EXCEPT the facial identities. Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the faces. Preserve 100% each subject's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, skin tone. Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white mother and baby portrait. Both subjects are in profile facing each other. The mother is positioned on the LEFT side of the frame, the baby is positioned on the RIGHT side of the frame. Their noses are almost touching, foreheads nearly together. The mother holds the baby with both arms, the baby's small hands resting naturally on the mother's chest. The mother has a serene and loving expression, calm and tender, no big smile. The baby has a subtle natural curious expression, alert and facing the mother. The baby is shirtless with natural soft baby skin. The mother wears a simple dark top. Clean light gray seamless background. Soft beauty lighting, luminous and flattering skin tones, gentle shadows, elegant cinematic black and white grading. Medium close-up portrait showing both faces and upper bodies clearly, camera slightly pulled back to show more context. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for both subjects. Discard EVERYTHING from the original photos EXCEPT the facial identities. Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the faces. Preserve 100% each subject's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, skin tone. Facial expression and head angle may adapt naturally to the pose. EXCEPTION: Do not add any hat, beanie or head accessory to the mother unless she is clearly wearing one in her uploaded photo. Ultra-realistic black and white mother and baby portrait. The mother holds the baby against her chest, both faces pressed cheek to cheek, touching. The mother's face is on the LEFT turned slightly toward the baby, looking at the camera with a serene and loving expression. The baby is on the RIGHT facing the camera directly with a cute curious expression. Their cheeks are touching, heads at the same level, very close together filling the frame. The mother's both arms are clearly visible — one arm supporting the baby from below, the other arm wrapped around the baby's back, both hands fully visible. The baby wears a delicate white linen baby dress with fine lace trim and an elegant wide brim ivory linen bonnet with ribbon tie. The mother wears a simple dark short sleeve top. Dark dramatic background with subtle deep gradient, cinematic and moody. Soft controlled lighting on both faces, gentle shadows. Elegant cinematic black and white grading. Medium portrait from mid-torso up. 85mm lens, ultra sharp focus on eyes, 8K resolution. Vertical format 1080x1350.

CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white grandmother and granddaughter portrait. The grandmother is positioned on the RIGHT side of the frame, standing upright facing the camera with a visible little closed-mouth smile. The corners of her lips must be gently lifted upward, cheeks slightly raised, creating a clear but delicate expression of warmth and reassurance. The expression must not be neutral — it must show a soft comforting smile. The granddaughter is positioned on the LEFT side, leaning her head gently against the grandmother's upper chest with eyes closed and a peaceful expression. She has one hand resting softly on the grandmother's chest. Her other arm remains down along her own body. The grandmother has only one hand resting lightly on the granddaughter's waist. Her other arm remains relaxed down along her body. No full embrace, no crossed arms. Medium portrait from mid-torso up. Light knitted sweater on the granddaughter, dark elegant blazer on the grandmother. Clean light gray seamless background. Soft frontal beauty lighting, elegant cinematic black and white grading. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white classic portrait of elderly mother and adult daughter. Both stand closer than the previous version — shoulders gently touching. Bodies facing forward but slightly angled inward toward each other. The mother stands with dignified posture. The daughter stands beside her, subtly leaning in just a few degrees to reduce emotional distance. Both arms remain relaxed down naturally along the body. Both look directly at the camera with soft, subtle closed-mouth smiles — warm but restrained. The expression should feel calm, proud and serene, not serious or rigid. Wardrobe contrast maintained: Mother in structured black tailored jacket. Daughter in refined white structured blouse. Framing from mid torso up. Clean light gray seamless studio background matching the collection. Soft diffused lighting with slightly warmer tonal contrast to bring life to skin texture. Elegant black and white grading with gentle depth and natural realism. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white portrait of elderly father and adult daughter. They stand naturally side by side with shoulders gently touching. The father leans very slightly toward her, creating a relaxed and organic connection. One of his arms rests softly behind her back in a natural, effortless way — not wrapping, not embracing tightly, just lightly placed. The daughter keeps her arms relaxed along her body. Both look directly into the camera with soft, subtle closed-mouth smiles. Expression should feel warm, effortless and calm — as if the photo was taken during a quiet, genuine moment. Wardrobe refined and minimal: Father in dark tailored blazer or dark shirt. Daughter in elegant white structured blouse. Framing from mid torso up. Clean light gray seamless studio background consistent with the collection. Soft diffused lighting with gentle contrast and natural skin texture. High-end black and white grading, ultra sharp focus, 85mm lens, 8K resolution. Vertical format 1080x1350.

Ultra-realistic black and white mother and adult son portrait. The mother is positioned slightly in front of the son and leaning gently into him, resting the side of her head softly against his upper chest. She looks directly at the camera with a visible refined closed-mouth reassuring smile — subtle upward curve of the lips, softly lifted cheeks, relaxed eyes, conveying calm confidence and 'everything is okay.' The son stands slightly behind and to the side of her, taller and steady. He places ONLY ONE arm over her shoulders from behind, his hand resting naturally on her upper arm. His other arm remains completely down along his own body and must NOT touch her. He also looks directly at the camera with a composed, confident and protective expression — calm eyes, relaxed jaw, subtle masculine strength. The son wears a premium tailored white shirt with structured collar and elegant clean lines. The mother wears a sophisticated black blouse or structured black top, timeless and refined. Wardrobe must feel luxury minimal and editorial. Medium portrait from mid-torso up. Clean light gray seamless background. Soft high-end beauty lighting with controlled shadows and strong tonal separation between white and black clothing. Elegant cinematic black and white grading. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white intimate portrait of elderly mother and adult son. They stand very close, bodies angled slightly inward. The mother gently places one hand on her son's face — touching his cheek or jaw in a natural maternal gesture. The son softly holds her wrist or hand with one hand, not restraining, just acknowledging the touch. Their foreheads are close but not touching. Neither of them looks at the camera. They look at each other with calm emotional softness. The mother carries a subtle peaceful smile — warmth and pride. The son has a restrained, masculine micro smile — eyes softened, composed, grounded. No exaggerated embrace. No dramatic emotion. The intimacy comes from proximity and hand-to-face connection. Premium wardrobe: son in tailored white structured shirt. Mother in elegant dark blouse. Timeless, refined styling. Framing from mid torso up, clearly capturing the hand-to-face gesture. Clean light gray seamless studio background matching the classic collection. Soft diffused studio lighting with gentle contrast and natural tonal depth. Elegant black and white grading with visible skin texture and sculpted realism. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

● VERSÃO PRETO & BRANCO

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for both subjects. Discard EVERYTHING from the original photos EXCEPT the facial identities. Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the faces. Preserve 100% each subject's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, skin tone. Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white portrait of elderly father and adult son. The father is positioned slightly in FRONT and to the LEFT of the frame. The adult son stands half a step behind him on the RIGHT side, creating subtle depth and hierarchy. Their shoulders are slightly angled, not perfectly parallel, giving a strong masculine stance. Both subjects stand upright with firm grounded posture. Their arms remain fully down along their own bodies. No physical contact, no embrace, no touching. Both look directly at the camera with calm, dignified expressions and a subtle closed-mouth micro-smile. The smile must be restrained and natural — slight upward curve at the corners of the lips, relaxed eyes, conveying quiet pride and mutual respect without softness or exaggeration. The father conveys authority, wisdom and serenity. The son conveys strength, continuity and respectful confidence. The son wears a premium tailored white shirt with structured collar. The father wears a refined dark blazer or classic tailored jacket. Wardrobe must feel sophisticated, timeless and high-end editorial. Medium portrait from mid-torso up. Clean light gray seamless background. Strong directional beauty lighting with subtle shadow sculpting to emphasize bone structure and generational contrast. Elegant cinematic black and white grading with deep tonal separation. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white intimate portrait of elderly father and adult son. The father is seated. The son stands close beside him, slightly angled inward. They are positioned closer than in the classic version. The father turns his head slightly upward toward his son with a subtle, contained smile of pride and warmth. The son looks down at his father with calm admiration and protective presence — micro closed-mouth smile, softened eyes. The father gently rests one hand on the son's forearm in a natural, grounded gesture. No embrace. No exaggerated emotion. Premium wardrobe: son in tailored white structured shirt. Father in refined dark blazer with classic shirt. Timeless, high-end aesthetic. Framing from mid torso up including seated posture. Clean light gray seamless studio background (same tone and style as the classic version), no dark gradient, no vignette. Soft diffused studio lighting with gentle contrast and even tonal balance. Elegant black and white grading with natural skin texture. 85mm lens, ultra sharp focus, 8K resolution. Vertical format 1080x1350.

● VERSÃO PRETO & BRANCO

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for all clients. Discard EVERYTHING from the original photos EXCEPT the facial identities. Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the faces. Preserve 100% each client's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, beard texture and skin tone. Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any client in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white family portrait in a vertical layered composition. The man stands at the back, his full face clearly visible — eyes, nose, mouth all fully shown — only his chin and jaw are slightly occluded by the top of the woman's head in front of him. The woman is in the middle, her full face clearly visible — eyes, nose, mouth all shown — only her chin is slightly covered by the top of the baby's head below her. The baby is fully in front, their entire face completely unobstructed and closest to the camera. The overlap between each person is minimal — only the chin area of the person behind is hidden by the hairline of the person in front. Each face is nearly complete and fully readable. All three look directly and calmly at the camera. Dark dramatic textured background, deep moody gradient. Strong frontal beauty lighting. Elegant cinematic black and white grading. Medium-wide portrait pulled back to show full heads, shoulders and upper chest of all three subjects clearly, with comfortable breathing room around the entire composition. 85mm lens, ultra sharp focus on all three pairs of eyes, 8K resolution. Vertical format 1080x1350.

Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If any client in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Three people in side profile all facing LEFT. All heads completely visible, no cropping. Wide shot with generous black space on all sides. The three heads are arranged on a DIAGONAL LINE from upper-left to lower-right: father's head at upper-left corner of frame, mother's head at center of frame, child's head at lower-right corner of frame. Father is furthest from camera and highest. Mother is middle distance and mid-height. Child is closest to camera and lowest. Each head is offset both downward AND to the right relative to the one behind. The diagonal shift between heads is significant — not stacked vertically, not side by side horizontally, but truly diagonal. Minimal overlap between faces. Pure black background. Rim lighting from left. Cinematic black and white. Tall vertical format 1080x1920.

Completely ignore and overwrite the original clothing, background, lighting, colors, environment, and any visual elements from the source images. Identity lock — do not change the face. Preserve 100% the person's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, beard texture and skin tone. Preserve 100% the pet's real appearance: same breed, same fur texture, same face shape, same eyes and markings. Facial expression and head angle may adapt naturally to the pose. CRITICAL ACCESSORY LOCK: If the person in the uploaded photo is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation. Ultra-realistic black and white portrait. The person is on the LEFT in strict side profile facing RIGHT. The pet is on the RIGHT in strict side profile facing LEFT. The person is standing upright and looking DOWNWARD toward the pet. The pet is positioned lower and looking UPWARD toward the person. The person's chin is at the same height as the top of the pet's skull. Their noses almost touch in the center of the frame. The person is clearly taller — this height difference must be obvious and natural, as if the person is standing and the pet's head reaches only their chest level. The person has a very subtle, soft closed-mouth smile — just a gentle upward curve at the corners of the lips, warm and natural, not exaggerated. The frame is a medium shot: both subjects visible from top of head to mid-torso. Person's dark shirt visible at bottom left. Pet's chest fur visible at bottom right. Black background, pure and textureless. LIGHTING: Two separate and very distinct rim lights. LEFT rim light: hits the back of the person's head, outlining their skull, hair, ear, jaw and neck with a sharp bright edge — this light is strong, clean and clearly visible against the black background. RIGHT rim light: hits the back of the pet's head and body, creating a bright glowing halo through the fur, ears and neck — equally strong. The person's face is in dramatic shadow — only the rim-lit profile edge glows. The pet's face has soft ambient fill revealing eye, fur texture and whiskers. No frontal light on either subject. The separation between both subjects and the black background must be total and crisp. Cinematic black and white, deep rich blacks, sharp detail on beard and fur. 85mm lens, ultra sharp focus, 8K. Vertical format 1080x1350.

● VERSÃO PRETO & BRANCO

Use the uploaded photos as the ONLY and EXCLUSIVE identity references for both subjects and the pet. Discard EVERYTHING from the original photos EXCEPT the facial identities of the people and the breed appearance, fur texture and facial features of the pet. Identity lock — do not change the faces. Preserve 100% each subject's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, skin tone. Preserve 100% the pet's real appearance: same breed, same fur texture, same face shape, same eyes. CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation, preserving only its shape and style — never its color, as this is a strictly black and white image. Ultra-realistic black and white portrait. Camera positioned at floor level shooting at a very low angle, nearly horizontal. Three subjects stacked vertically in a diagonal pile. The man is at the BOTTOM — lying on his side on the floor, his cheek resting on his own fist or closed hand, elbow on the floor — masculine and relaxed posture, his face turned fully toward the camera and closest to the lens, calm and confident expression with a subtle natural smile. The woman is in the MIDDLE — lying on top of the man, her chin or cheek resting on his head, her face turned fully toward the camera with a warm natural smile. The dog is at the TOP — its body resting over the woman's back, its chin resting on the woman's head, both front paws draped forward over her shoulders, looking directly at the camera with a happy expression, mouth open with tongue out. All three faces stacked in a tight vertical diagonal — man at bottom closest to camera, woman in middle, dog at top. All faces fully visible. Dark gray seamless studio background. Soft frontal studio lighting illuminating all three faces evenly. Elegant cinematic black and white grading. 85mm lens, ultra sharp focus on all three faces, 8K resolution. Vertical format 1080x1350.

● VERSÃO PRETO & BRANCO

Use the uploaded face photos as the ONLY and EXCLUSIVE identity references for all clients and the pet. Discard EVERYTHING from the original photos EXCEPT the facial identities of the people and the breed appearance, fur texture and facial features of the pet. Identity lock — do not change the faces. Preserve 100% each client's real facial identity: same bone structure, same eyes, nose, mouth shape, teeth shape, wrinkles, pores, natural asymmetry, beard texture and skin tone. Preserve 100% the pet's real appearance: same breed, same fur texture, same face shape, same eyes. CRITICAL ACCESSORY LOCK: If any subject in the uploaded photos is wearing glasses, a cap, a hat, or any facial accessory, you must keep it in the final generation, preserving only its shape and style — never its color, as this is a strictly black and white image. Ultra-realistic black and white portrait. Camera positioned at floor level shooting horizontally. Four subjects stacked in a diagonal cascade from bottom to top. The dog is at the BOTTOM — lying flat on the floor, facing the camera, chin resting on the floor, happy and playful expression, mouth open with tongue out in a natural panting smile — joyful and energetic. The child is in the MIDDLE-BOTTOM — lying on top of the dog, their chest resting on the dog's back, chin resting on the dog's head or neck, face turned fully toward the camera with a gentle natural smile. The mother is in the MIDDLE-TOP — lying on top of the child, her chin resting on the child's head, face turned fully toward the camera with a warm natural smile. The father is at the TOP — lying on top of the mother, his chin resting on the mother's head, his elbow on the floor beside them, face turned fully toward the camera with a calm confident smile. All four faces visible in a tight vertical diagonal cascade — dog at bottom, child above, mother above child, father at top. All faces fully visible and clearly readable. Dark gray seamless studio background. Soft frontal studio lighting illuminating all four faces evenly. Elegant cinematic black and white grading. Camera pulled back enough to show all four subjects clearly. 85mm lens, ultra sharp focus on all faces, 8K resolution. Vertical format 1080x1350.
